## More Progress on the New Youth House

This is the latest picture of the new youthhouse building. It was made December 4, 2009. At the time of this writing more work has been done on the roof and the roofing has been completed. Windows and the front door have also been installed. When you pass by, stop and view the difference. Lee Thurner, our contractor and member, hopes to have it “closed in” sometime in February.
