

KidsQuest Fall 2020

We have prayed and strategized as we deal with the possible impact of Covid-19 on our KidsQuest ministry. In response, KidsQuest will look different. Children from PreK through 3rd grade will attend on Tuesdays. Children from 4th grade through 6th grade will attend on Wednesdays. During this time, we have recognized a possible blessing within this struggle. In recent years, with such large weekly numbers, Brett and I have often lamented the loss of closer, and more impactful opportunities for relationship with our children. By dividing those numbers, we are given that opportunity for interaction on a smaller scale. We are aware that other extracurricular activities may impact the attendance of some children. However, we believe this schedule allows us to safely resume KidsQuest while meeting the needs of most KidsQuest families.

Pending Session approval, and based on the current CSD plan and CDC guidelines, we propose the following schedule to begin KidsQuest on August 11, 2020. This plan may be revised as necessary while our community battles the Covid-19 pandemic. This will allow us to have smaller groups to ensure safe transportation and social distancing within classrooms. Outside spaces will be utilized whenever possible.

In addition, we will be unable to provide a full meal meeting current CDC guidelines. KidsQuest will end at 6. We will provide a more substantial individually packaged snack and drink which will be served by an adult wearing gloves.

Hand sanitizer stations are in place in both the education wing and bathrooms and will be utilized and monitored.

We plan on utilizing 5 adults on Tuesday (Brett, Kimberly, Angela Avent, Lisa Kramer and Whitney Worsham). On Wednesday, we will have 5 supervisors (Brett, Kimberly, Joyce Griffith, Sydney Baldos, and Cate Rivers Shipp).

Parents will not come inside for pick up. We will utilize a car line and bring them to your car from the doors of the fellowship hall.
